MEMORANDUM FOR BSO/CIA

25X1A

SUBJECT: Critical Collection Problems Committee (CCPC) USIB Access to OXCART, IDEALIST, CORONA, ARGON [redacted]

Based upon a recent decision of D/NRO, made upon advice from Director of Security, CIA, an allotment of 21 billets has been approved for the Critical Collection Problems Committee (CCPC) USIB for access to NRO special projects: IDEALIST, CORONA, ARGON, OXCART [redacted] The billet allotment includes the Chairman, principal members and their alternates. The list of names is attached. Most of the constituency already possess all or some of the requested clearances based upon other justifications.

25X1A

I will take appropriate action through [redacted]/DIA to insure clearability and security indoctrination of all CCPC members associated with the DOD departments and agencies. It would be appreciated if you would take the same action with respect to CIA, AEC, State, and FBI representatives. The records reflect the following clearance deficiencies existing for representation from those agencies:
